Puff Print T-Shirt

Description:

We have up to 300 plus GSM for shirts. Material: 100% cotton.
Puff screen printing can create an eye-catching design to make you stand out from the crowd. The process involves the same setups and processes as standard screen printing but it allows for excellent, special 3D effects to be applied to your design.
You can give your full design a raised effect or limit it to certain elements within the design to give it the desired effect and to bring more attention to a specific point. There are no limits to your creativity and you can create whatever design you would like to achieve.
